SUMMARY

Over 4+ years of experience in Software Testing across Banking, E-Commerce, and Shipping domains. Skilled in SDLC/STLC, Agile Scrum, test case design, API & database testing, and quality assurance.

EXPERIENCE

Software Tester

Quolam Bussiness Solutions

July 2024 - Present, navi mumbai

- Executed functional, regression, and UAT testing for 50+ Ships and operational modules, ensuring seamless business workflows.
- Designed and implemented 150+ detailed test cases and 10+ regression suites, enhancing product stability and reducing post-release defects by 20%.
- Partnered with 5–7 developers and business analysts to clarify requirements and resolve 50+ defects within 24–48 hours.
- Validated 100+ fixes during production releases, monitored issues proactively, and maintained zero critical incidents post-deployment.

Software Tester

Enix software solutions Pvt Ltd

March 2024 - May 2024, navi mumbai, belapur

- Performed functional, regression, UI, and basic security testing across 3+ modules, improving overall product quality and reducing post-release defects by 20–30%.
- Documented and tracked defects using JIRA over 12+ month cycles, accelerating defect reporting turnaround times by 35%.
- Enabling prompt resolution on a weekly release schedule.

Software Tester/Project Lead

AVS InsotechBanking

May 2022 - February 2024, Ghansoli, Navi Mumbai, India

- Led end-to-end QA for 5+ banking modules, ensuring 98% defect-free releases and on-time delivery across multiple sprints.
- Designed and executed 250+ test cases covering functional, UI, regression, integration, and system testing, boosting test coverage by 35%.
- Managed test environments, deployments, and production releases, improving release stability by 30%.
- Directed software quality initiatives for 12 agile sprint cycles by establishing continuous integration and automated regression test suites with Selenium and Jenkins, resulting in a 45% increase in defect detection rate and maintaining 99% build stability throughout release pipelines.

Spatial Data Specialist 1

Think-parms: Here Technologies

August 2021 - March 2022, Airoli Navimumbai

- Processed 2,000+ LiDAR tiles, 500+ satellite images, and multiple video/shapefile datasets for large-scale mapping projects.
- Executed QC/QA on 100% of assigned outputs, improving spatial data accuracy by 15–20%.
- Analyzed multi-source inputs from 5+ platforms (LiDAR drive, satellite imagery, web sources, videos) to interpret complex mapping scenarios.
- Partnered with cross-functional teams for daily collaboration over a 12-month project, leveraging ArcGIS.

Software Tester

NETTECHBanking Domain

January 2021 - July 2021, Rabale, airoli navimumbai

- Performed end-to-end testing for 150+ ATM, POS, and e-commerce transactions, improving defect detection rate by 20%.
- Validated ISO8583 financial messages across UAT/Production, ensuring 99% accuracy in transaction processing.
- Collaborated with cross-functional teams over 18 months, leveraging Communication platforms such as Jira and Confluence to expedite bug reporting and resolution, decreasing average issue lifespan by 25% across 20+ software releases.
- Executed API testing for payment gateway systems across 30 bi-weekly sprints using Postman and SoapUI, ensuring 98% endpoint reliability and accelerating integration validation for 12 third-party services.
